Welcome Weekend

A weekend of returning students moving back on campus and new students being welcomed to the MCC family. The weekend kicks off with move in for the upper classmen and a BBQ to welcome them back. The following day all new students move into their new homes in either Kenoyer Hall or Johnson Hall. The weekend remains busy with family worship celebration, dorm activities, NSO groups, service projects at local churches, and enrollment. It was a great way to kick off the year.

"Service projects are a great way to get involved in the community and show the love of Christ through our actions and interactions. It was super cool to see our students willing to serve and the appreciation of the community from our service."

MCC's birthday celebration was a huge week of activities that took place on campus. The festivities started Tuesday with a dessert reception at the new Howie's Activity Center. Included the annual Leadership breakfast event and continued throughout the week ending with a volleyball game and bbq on Friday evening. Manhattan Christian College offered its first classes on September 12, 1927. Founder Eugene Claremont Sanderson had a vision for the evangelization of the world. Prepared ministers were the key. Bible Colleges adjacent to state universities was the vehicle for leadership preparation.

Ninety years later, Manhattan Christian College is in the same location, fulfilling the same vision of preparing and motivating our students to penetrate the world with the Gospel of Jesus Christ, regardless of their chosen profession.

We had tournaments for basketball, volleyball, dodgeball and even a Settlers of Catan tournament thrown together by Dr. Waers. It was a great time to relax from the stresses of school as we moved on to having a talent show and just showing off our weird unique talents. We then had more time to sit back and relax before we met in the chapel to finish the night off with a movie! Skip day was very enjoyable and helped bring us together as a school to have fun and relax!

Spiritual Life

The main goal at MCC is for students and faculty/staff to continually grow their spiritual life. This can look different to each person and can include many different experiences. The residence halls have devotions every Monday night, and floor/suite Bible studies. Student Spiritual Life Committee also helps to enhance all these areas by providing different types of worship events and challenges to the student body in their spiritual lives.

Women's Volleyball

The Lady Thunder led by captains Mary Frances McNellis and Brooklyn Sherman had a growing season. Overall this season was a growing opportunity to gain experience, strengthen their spiritual faith, and focus. Coach Lauren Sanders states that the most challenging part of this season was age. She's so happy to have the opportunity to work with these talented athletes, and looks forward to gaining more chemistry as a team with all the new faces this season. -Janel Dormire (Freshman, Defensive Specialist)

"This season we faced various challenges and we struggled with consistency. However, I am really proud of how my teammates pushed through. As captain I tried to bring forth different activities to ensure that we had chemistry on and off the court. I am thankful for Coach Sanders. I know that I can always come to her not only about team stuff but, life stuff as well. The program that she has here at MCC is a program that I am proud to be a part of."

-Mary Frances McNellis (Junior, Libero)

"As co-captain if I could go back and change one thing about the season it would be to stress the aspect of unity and playing as a team. Luckily, I get another chance at being co-captain for this team."

After playing a couple rough games the ladies won their first game against Nebraska Christian College 2-0, ending their season 1-16.

"I loved this team's mentality to never quit and never give up. We had some really hard games. Games that we were getting blown out. But these girls didn't quit. They kept fighting. I was extremely excited for them when they got their first and only win this season. I might have been happier than the girls, because I was excited to see all the hard work that they had put into the season finally pay off with a result." - Coach Sammons

"The season was tough. We had a tough schedule and a young team, so we had to learn together. We had several injuries that kept us from reaching our full potential this season. Our team was tough, and resilient as we had to play quite a few games short-handed, but they stayed together and never quit. In fact we showed tremendous improvement towards the end of the season and gave a few nationally ranked teams a run for their money."

Cross country is not simply about the race. Cross country is all about what you do to prepare for the race. Cross country is a tight knit family of runners who are bound by sweat, tears, and hard work and Phillip, Katrina, and Coach Robinson would tell you the same thing.

Coach Robinsons also ran in school where he developed his love for cross country and wanted to be a coach. Robinson's running days continued out of high school at the University of Sioux Falls in South Dakota, which was followed by earning a Master's in Christian Arts from Truett Seminary, which is associated with Baylor University in Waco, Texas.

Phillip Martinez leads the herd with a good start and pace. His favorite shoes are the Nike Free Runs, and the three little that he does before a race to prevent injury is stretching, lots of water, and making sure he doesn't lift too much with his legs. Phillip said he always played sports, but he started running in junior high and he started to love the sport and really just love to compete. Coach even said Phillip has been working extremely hard.

Phillip Martinez, Freshman

Katrina Waters also leads the herd in the front. Her favorite shoes are Altra, and the three little things that she does before a race to prevent injury is stretching, pray, and stretch some more. Her favorite pre-race meal is bananas and peanut butter. When asked why are you running she said for her and it's a mental thing for her. Running is thirty minutes to herself that she gets to focus on whatever is bothering her and she put it into physical pain and sweat. Coach also said Katrina has an unbelievable work ethic.

a new beginning

After a one-year hiatus, Thunder baseball is returning in 2018. "Our goal is to be competitive in every game," said Chad Jagerson. "Baseball is my love. When they said they were bringing baseball back and offered me the opportunity to coach the team, I was excited."

Traveling to tournaments and through on-line recruiting, Jagerson assembled a 25-man team last fall, but then lost seven of those due to a variety of reasons heading into the new semester.

"Our players are going to have to be utility players who are willing to play a number of different positions," said Jagerson.

"It will definitely be a building year, but I think we'll be exciting to watch," said Jagerson.
